

adhesives & sealants

Zero Overspray

a strong bond

Zero Overspray

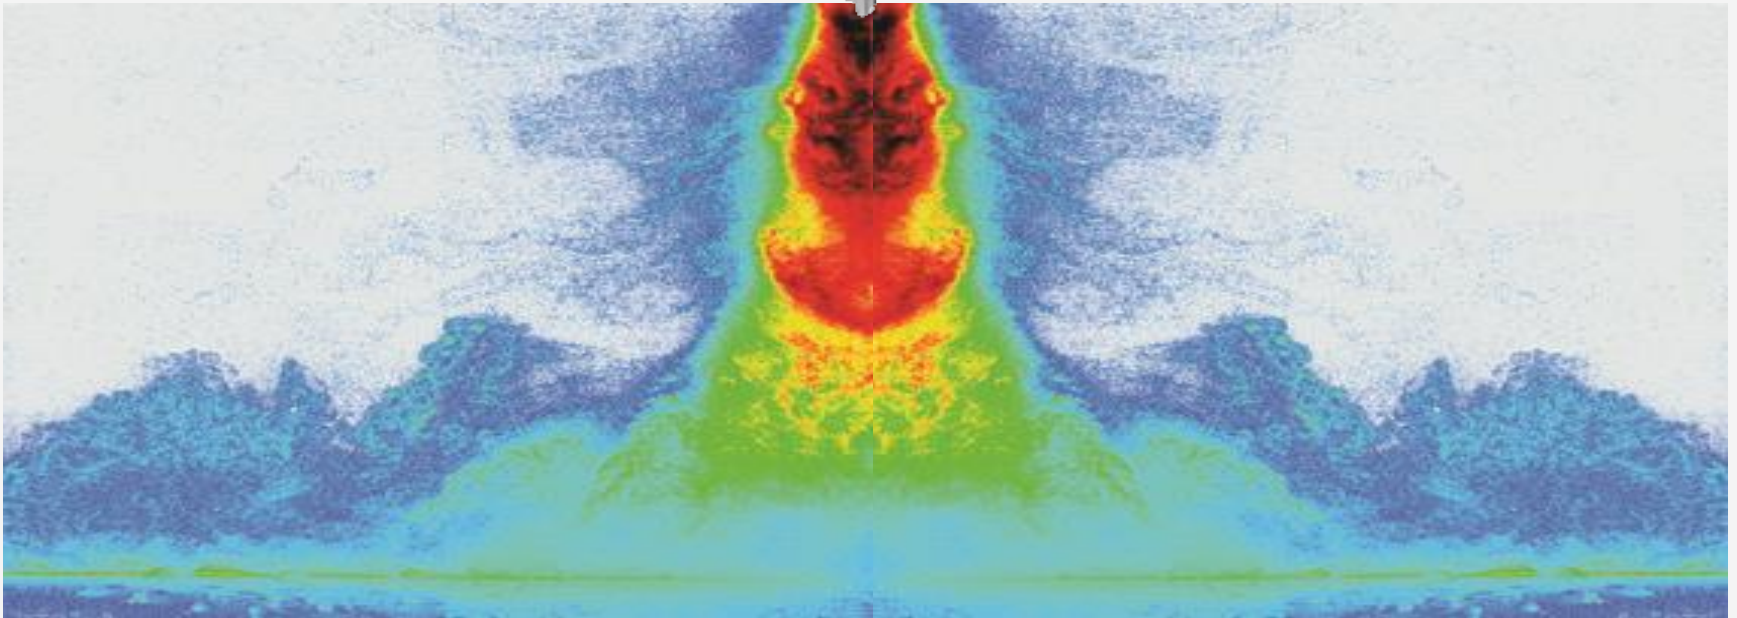

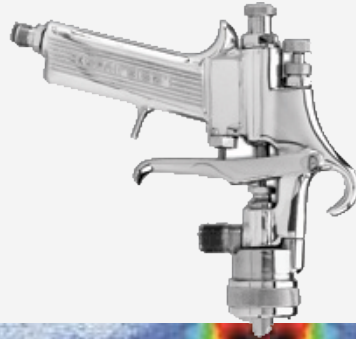

- **What do we mean by overspray:**
 - particle suspension (mist)
 - over-spraying (over the edge of the substrate)

The concept

■ Saba Zero Overspay:

- Equipment
- Adhesive

Particle suspension

Over-spraying

■ Conventional

■ Zero Overspray

The old days...

Improvement...

adhesives & sealants

Innovation!!!

The adhesive

- **Zero Overspray adhesive portfolio:**
 - **Sababond 3361 / Saba Activator 3914**
 - True 2 component
 - **Sababond 3385 / Saba Accelerator 3933**
 - Hybrid

Fact sheet

- **Low viscosity products**
- **Only 2 component**
- **Minimum of 5 bar feeding pressure**
- **Width is fixed by nozzle**

Promotional

Ultimate goal

- **Goal**
 - 100% efficiency
 - Cleanliness
- **A happy customer!**

adhesives & sealants

**Thank you for watching
our presentation.**
